EMPLOYEE KIOSK DOCUMENTATION

This link will take you to the Kiosk website where you can find documentation, see weekly summaries, enhancements suggestions and other information related to the Kiosk software.

KIOSK ANNOUNCEMENT BOARD

Announcements for staff from administrators will be placed in the Kiosk Announcement Board. To see the full announcement, click (+) symbol next to the announcement title.

Clicking the (–) symbol will close the announcement.

OTHER LINKS

If your district is using the Other Links functionality of the Kiosk you will see links to other websites on your horizontal bar that have been placed there by district administrators. You can click on these links at anytime to go to that website.
PROFILE

The profile page gives the user the personal information drawn from USPS (Uniform School Payroll System).

If the information is in error you may Request Profile Data changes by clicking on the link in the top right hand corner. You can then enter your change in the white box next to that field that needs the correction and then click Submit Change Request. A request is sent to the payroll staff and they will manually update the payroll system.
POSITION DETAILS

This is a brief view of your contract information.

If you have multiple positions you can select the position from under the Current Positions section and the contract information for that position will display below.

PERFORMANCE REVIEWS

If your district is using the functionality of Performance Reviews you will have the ability to see when your last review was done, any documentation that was attached by your supervisor for that review, and when your next review is due.
There are now 2 options for viewing payslips.

- View USPS Payslip
- View/Print Pay Slip {PDF}

The main difference between the two options is that when you view the USPS Payslip you will not see the year-to-date totals on these payslips. The PDF payslips contain the actual year-to-date totals.

**View USPS Payslip**
Viewing USPS Payslip permits the user to view past pay slips.

1. When you first select the USPS Payslip option you are prompted with a starting and ending date.

2. The default is the last 3 months of pay.

3. You can click on the calendar icon to change the date range.

4. Once you have your date range entered you can click Load Payslips.

5. You then are presented with a list of payslips. Click view icon to see the payslip detail.

6. The data may be exported to a .csv file (spreadsheet), not requiring you to contact payroll to get this information.

7. The number of payslips that are displayed can be changed by selecting the drop down arrow and setting the display to another number.
The information displayed is the same as that on the direct deposit email notification.

**View/Print Pay Slip {PDF}**

1. When you first select the View/Print Pay Slip {PDF} option you can
   - View and/or Print Payslip
   - Download & Save Payslip

2. View and/or Print will open your payslip as a PDF file.

3. Download & Save will give you the option to save the pay slip to your PC.

   **Note:** The PDF payslip will include year-to-date totals.
VIEW/PRINT W-2

If your district is using the W2 functionality within Kiosk you will see your W2 information that can be viewed or printed.

The tax years that are available will display on the screen. When you click on View and/or Print for a specific W2 your W2 will display on the screen as a PDF.
At this screen the user can see the types of leave they have and a quick balance of each. This balance reflects just the leave requests that have been exported into USPS.

9. Enter any comments you want your supervisor to be aware of.

10. If you need a substitute you will need to check the box and then the comment box will be available for you to type a comment in. This information will then be displayed to anyone who has access to view your request.

**NOTE:** Some districts may have configured Substitute Needed box to already be checked for you when you create a request. If the box is checked to show you need a substitute then you will be able to click in the comment box to type your comment for this request.

11. You have the ability to attach a document to your leave request. You may need to attach a doctor’s excuse, an agenda or registration form for a meeting. Click on Select File(s) to attach.
12. Click browse to find the attachment that is located on your PC.

13. Once you have located the file click open.

14. Type in a description for your file and click Select File(s).

15. When your request has been filled out completely press the submit button.

If you choose Professional Leave from the drop down menu, another form appears with the needed information for a professional leave.

2. If your district requires you to enter the vendor information in the instance when a purchase order needs to be made out to the vendor.

3. Enter any information that you want about the request. For example who the purchase order should be made out to for registration or if you are sharing expenses with a co-worker.

4. Enter your expenses. Enter the miles of the proposed trip and the tool will calculate the mileage amount to be reimbursed based on the district entered rate.
5. At the bottom of the Professional Leave Form Part, you may click on Calculate to have it total the expenses entered. *(The fields appearing are set by the administrator, and some features can be added, for instance, the fund code could be added.)*

6. Once you have submitted the request for professional leave you have the ability to print a Professional Leave Request Form to submit after your leave so you can enter your actual expenses, attach receipts and submit for reimbursement.
