

High School Principal

The Van Buren Local School District in Van Buren, Ohio seeks positive, dynamic candidates for its high school principal position.

Qualified candidates should possess the following:

- Ohio secondary principal license
- Proven record of instructional leadership
- Commitment to collaboratively shape a vision of academic success for all students
- Management skills with the ability to cultivate leadership in others
- Strong interpersonal, writing and communication skills
- Can inspire others, creating a climate conducive to high expectations and mutual respect
- Contributes to and adapts to community culture

The position will follow a 260-day contract and salary will be determined using the district administrative salary schedule. Interviews will begin in early March with the final selection made by mid-April. The contract will start August 1, 2018.

Interested candidates should e-mail the following to Tim Myers, superintendent (tmyers@vbschools.net) by March 1, 2018:

- Cover letter
- Current resume
- Five references including contact information
- A one-minute video detailing why you feel you are best-qualified for this position.

About Van Buren Schools

Van Buren Schools is a public school district located in Van Buren just outside of Findlay in northwestern Ohio. Our student enrollment is approximately 1,100 students K-12 with all students served on one campus. District enrollment has gradually increased with managed growth in our district, some of which lies on the northern edge of the city of Findlay. Findlay has been named in the 100 top communities for young people, the best hometown in Northwest Ohio, and is a three-time "Top Micropolitan Community in the U.S. for New and Expanding Facilities". Findlay and Hancock County are home to Marathon Petroleum, Cooper Tire and Rubber and other distinguished companies while maintaining a small-town feel.

Celebrating our 100th anniversary as a school district in 2017, Van Buren is a high-achieving, innovative district. Students regularly perform at high levels on state and national assessments and our teaching staff has been recognized repeatedly for instructional strategies and programming.

We began implementing a 1:1 computing program in 2008 and currently, all students in grades 3-12 use a school-issued technology device.

We pride ourselves in being a small school district with big opportunities and continue to work toward our district-wide vision: *Empowering students through one team.*
